Central West Councils
Salinity & Water Quality Alliance

Six Month Review

FIVE YEAR PLAN

2013-2014

February 2014

Salinity & Water Quality Alliance Member Councils

Bathurst Regional Council
Blayney Shire Council
Bogan Shire Council
Cabonne Council
Coonamble Shire Council
Dubbo City Council
Gilgandra Shire Council
Mid-Western Regional Council
Narromine Shire Council
Orange City Council
Parkes Shire Council
Warren Shire Council
Warrumbungle Shire Council
Wellington Council

Local Land Services Central Tablelands

Local Land Services Central West

Charter

Central West Councils Salinity & Water Quality Alliance

To be an active partnership of Councils across the Central West of NSW, engaging all tiers of Government and our Communities, contributing to the protection and enhancement of the environmental, social, economic and cultural condition of our part of the world.

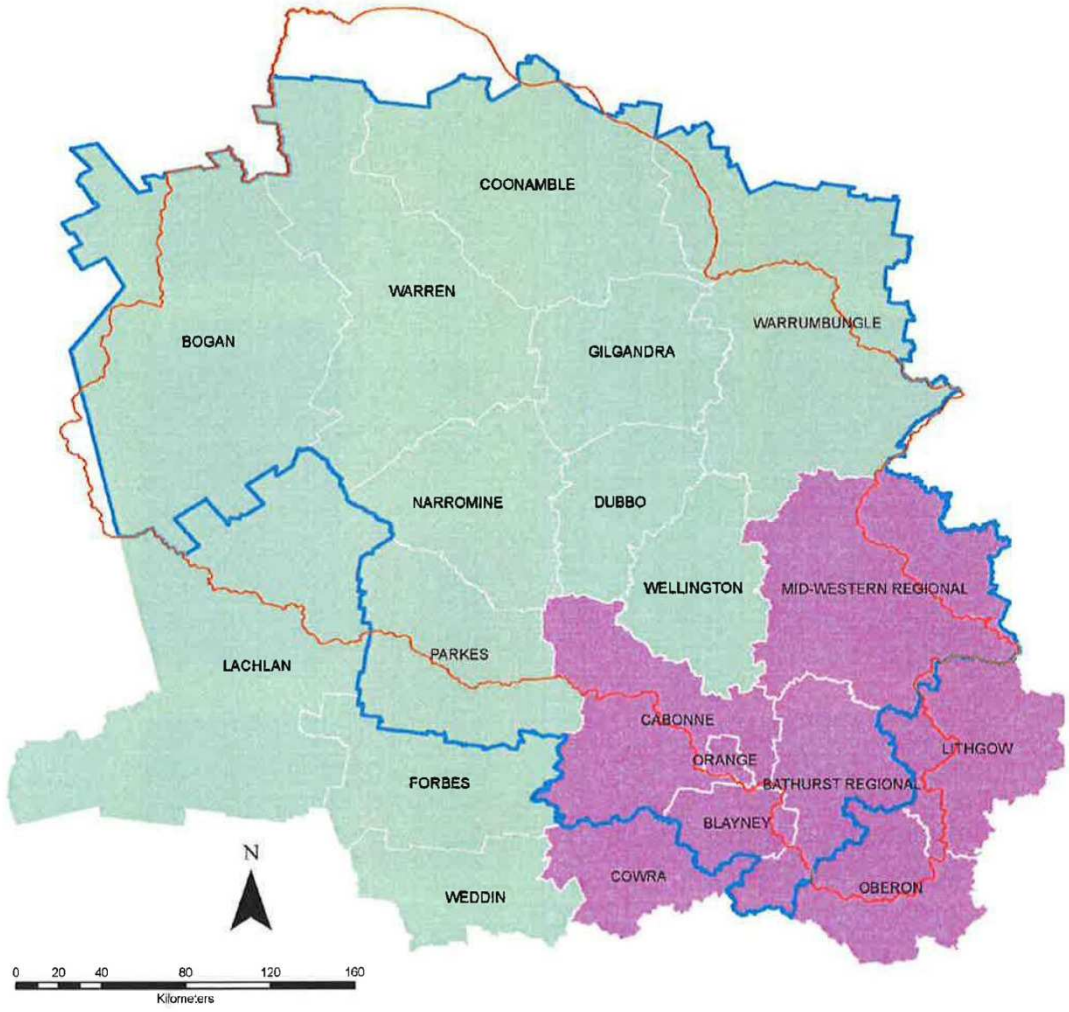
1.0 The Salinity & Water Quality Alliance will develop and implement actions to protect the health and resilience of the waterways and wetlands of the Central West, including actions that:

- Align with Central West CMA Catchment Action Plan
- Engage Communities
- Improve water quality
- Protect & improve NRM through better land use planning
- Manage salinity & groundwater
- Increase biodiversity

1.1 This will be achieved through continuing:

- To implement current (and future) joint initiatives with the Central Tablelands and Central West Local Land Services (LLS), and other funding bodies.
- To promote best management practice for urban water management to Alliance member Engineers and others, by utilising the services of Professional and Industry Associations e.g. IPWEA, and the Stormwater Industry Association, as appropriate.
- To promote best management practices for the maintenance and improvement of riparian health across the Local Government Areas (LGA's) of the Central West through rehabilitation works and improved policy. The focus of this will be on public land while also encouraging private land holders to engage in riparian restoration works.
- To proactively engage business to use water efficiently, including improved management of stormwater as a resource.
- To encourage and support the adoption of the "Stormwater 2 Smartwater" water sensitive design policy for integrated stormwater management by Councils across the region.
- To support Local Government Catchment Month and take part in its activities, to create a catchment wide community engagement and education initiative.
- To engage with planners at all Alliance Councils, to ensure improved land-use planning in Local Environment Plans (LEPs) and adoption of water, salinity and natural resource best management practice in Development Control Plans (DCPs).
- To support the implementation of drought management and water conservation management policies.
- To provide optimal training to build the capacity of Councils and Council Staff to undertake best management practice in their day to day operations and responsibilities to protect the natural resources of the Central West.
- To optimise the management of linear reserves and roadside vegetation.
- To implement and expand community education and awareness through the erection of interpretive signage and provision of other educational material as appropriate.
- To continue to collaborate with other regional bodies such as CENTROC, OROC and Regional Development Australia.
- To support the implementation of actions addressing NSW Office of Water indicators for Liveability of Towns and Cities 2013.

Alliance Map



Current Salinity & Water Quality Alliance Boundary

Central West CMA Boundary

Central West Local Lands Service (Jan 2014)

Central Tablelands Lands Service (Jan 2014)

Note: It is proposed to increase the Alliance Boundary to include all the Councils of both LLS Regions.

Salinity & Water Quality Alliance
5 Year Plan.
Strategic Goals and Targets for 2013
Strategic Goal:
Improve riverine/wetland condition, habitat values, water quality, water quantity & movement across the region
Note: Strategic Goals, Targets & Priorities have been designed to align the actions & targets of the Central West CAP, Lachlan CAP in addition to the strategic goals of the Alliance Council Community Strategic Plans.
Target I: Priority river reaches are actively managed to maintain a good condition stable state.
Action I: Bed & bank stabilisation eg. erosion control
Action II: Rehabilitation of habitat eg. large woody debris
Target II: Priority wetlands are actively managed to maintain a good condition stable state.
Action III: Rehabilitation of riparian zones eg. planting & regeneration
Action IV: Management of riparian weeds eg. WONS
Target III: Improvement in the management of activities effecting groundwater systems.
Action V: Management of threatening processes
Action VI: Management & connectivity of water movement
Target IV: Improvement in habitat & biodiversity values of riverine & wetland systems.
Action VII: Integrated Water cycle management
Action VIII: Manage point & diffuse source pollution
Strategic Goal:
Councils & Communities across the Central West continue to be vibrant, sustainable & resilient to climate variability.
Target V: Councils to integrate actions which increase their community's resilience to climate variability.
Action IX: Adopt Climate Change actions in Strategic Plans.
Action X: Adopt actions that increase sustainability.
Action XI: Integrate S²S stormwater policy into Council Policy.
Target VI: Councils are managing natural resources according to current best management practices.
Action XII: Incorporation of NRM issues in response to planning reform.
Target VII: Ensure salinity, water quality, biodiversity & sustainability issues are on the agenda of Councillors.
Action XIII: Develop & facilitate capacity building in Councils.
Action XIV: Maintain communication between Alliance & Councils.
Target VIII: Support of the Salinity & Water Quality Alliance as a mechanism for implementing catchment wide initiatives.
Action XV: Build & maintain partnerships between agencies.
Action XVI: Maintain financial contributions to the Alliance.

6 Monthly Plan Update 2013-2014

2013-2014 | Biodiversity & Riparian Restoration

Local Green Team	Update	Responsibility	Time Frame	Funding	Tgt, Action
Develop Local Green Team Concept.	Concept developed in agreement with Councils.	PSO	**Complete**	-	
Establish Pilot Local Green Team Group.	Successful pilot project undertaken with Warren, Narromine & Dubbo. Despite some initial teething problems all 3 Councils felt the Green Team had been very productive with the joint team undertaking more work on a collaborative basis, than an individual Council crew could have managed alone. It is anticipated that more collaborative projects will be undertaken by these Councils.	PSO, Warren – Narromine – Dubbo Councils.	**Complete**	-	
Undertake Pilot Local Green Team work period.	See above	PSO, Warren – Narromine – Dubbo Councils.	August 2013	Councils to commit funds	TV, TVI, TVIII, AV, AX, AXIV, AXV
Identify and initiate other regional Local Green Teams.	Orange, Cabonne and potentially Blayney Council are planning a collaborative project to be undertaken in the first half of 2014.	PSO, Alliance Councils	September 2013	Councils to commit funds	
Develop team leaders.	Dubbo City Council provided the team leader for the first pilot. Orange City Council will probably provide the team leader for that collaboration.	PSO, Alliance Councils, OROC	September 2013	Councils, $4,000 Envir Trust	
Seek funding for Local Green Team program.	Identification of funding opportunities to support and build on Local Green Team model ongoing. However where the Councils have already received funding for projects, eg Roadside Vegetation funding, there is the potential to work collaboratively on these projects The participating Councils are committing funding and in kind contributions to the Green Teams.	PSO,SC	Ongoing	Grant Ops.	
Identify Community engagement opportunities with Local Green Team.	Delayed until the Local Green Teams are better established before engaging with local community	PSO, Team Leaders	Ongoing	Councils to commit funds	
Riparian Rehabilitation	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Definition: Unconfined or natural waterways such as rivers or natural streams not confined by urbanisation.					
Seek funding for rehabilitation programs.	$20,000 funding from Central West CMA + funds banked with S&WQ Alliance have allowed for 3 projects to be undertaken in 2013-14.	PSO	Ongoing	Grant Ops.	TI, TII, TIV, TVI, AI, AII, AIV, AVI, AXII
Support riparian habitat improvement programs.	3 projects funded - 1 in Blayney, 1 in Coonabarabran and potentially 1 in Lachlan (new Alliance member) to undertake stormwater, waterway and salinity rehabilitation works..	PSO	Ongoing	Grant Ops.	
Support riparian rehabilitation programs.	Utilise Reserve Management Plan templates. Utilise Local Green Team programs.	PSO, Alliance Councils	Ongoing	Grant Ops.	
Urban Waterways	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Definition: Confined or urbanised waterways that may fit under urban waterways management plans.					
Support development of urban waterway management plans.	Identify the number of urban waterway management plans across the Alliance.	PSO	30 June 2014	-	
Seek funding for urban rehabilitation programs.	Investigate funding opportunities to undertake urban waterways rehabilitation works. Fund development of urban waterways rehabilitation plans. Utilise Reserve Management Plan templates to address urban waterways rehabilitation programs. Include Community Engagement.	PSO, Alliance Councils.	Ongoing	Grant Ops.	TI, TIV, TVI, AI, AII, AIII, AIV, AVI, AVII, AVIII, AIX, AX, AXI, AXIII
Support existing urban waterway programs.	See Riparian Rehabilitation section above	PSO	Ongoing	-	
Identify urban waterway rehabilitation projects.	Identify high priority urban waterway projects for action across the region. Develop management recommendations for high priority works. Support Council works. Utilise Local Green Team program. Include opportunities for regional WSUD projects.	PSO, LGov Officer, Alliance Councils	Ongoing	-	
Improve urban waterway biodiversity.	Identify opportunities to improve the biodiversity of urban waterways in addition to rehabilitation works, eg. Bird nest box programs.	PSO, Alliance Councils	Ongoing	Grant Ops.	
Urban Biodiversity	**Description or Methods**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Improve biodiversity of Urban opens spaces.	Investigate project opportunities to improve the biodiversity of public open space. Utilise Reserve Management Plans.	PSO, Alliance Councils	Ongoing	-	TIV, TV, TVI, TVII, AII, AX, AXII
Identify partnership opportunities.	Support local Landcare or community groups to improve local open space areas.	PSO, Alliance Councils	Ongoing	-	
Project Maintenance	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Undertake maintenance of project sites.	Local Green Team used in Warren, Narromine & Dubbo for this purpose. All Councils have Reserve Management Plan templates. Councils need to report back if they are making necessary budget commitments to maintain project works.	Alliance Councils	Ongoing	Councils to commit funds.	TI, TIV, AII, AIV, AV, AXIII, AXV
Implement Reserve Management Plans for appropriate project sites.	Narromine, Mid-Western and Warrumbungle Councils now have Reserve Management Plans in place order to better manage project sites.	PSO - Alliance Councils	Ongoing	-	

Complete Project Status Reports	All previous Alliance project sites assessed. Formal reports written for Bathurst and Warrumbungle.	PSO	All major projects by 30 June 2014.	-	
Manage riparian and aquatic weeds.	Local Green Team used in Warren, Narromine & Dubbo to control waterway based weed infestations.	PSO - Alliance Councils	Ongoing	-	
Support control of noxious weeds.	Actions undertaken include submission to Review of NSW Weed Management, Green Team implementation and Roadside Vegetation project.	PSO - Alliance Councils	Ongoing	-	

2013-2014 | Stormwater Management					
WSUD Projects	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Seek funding for WSUD programs.	Some funding to undertake water sensitive urban design projects made available by Central West CMA in Blayney and Warrumbungle Shires and to support water reuse at Wangarang Sheltered Industries in Orange.	PSO	Ongoing	Grant Ops.	TIII, TIV, TV, TVI, TVIII, AV, AVI, AVII, AVIII, AIX, AX, AXI, AXII, AXIII
Support existing WSUD projects.	Assistance given in the initiation, technical design and implementation of water sensitive urban design projects, eg Gilgandra Wetlands, Bathurst Coonabarabran and Wangarang Sheltered Industries Raingardens.	PSO, LGov Officer	Ongoing	-	
Support management of existing WSUD treatment trains.	Support the development of management plans for existing WSUD features such as wetlands or raingardens.	PSO, Alliance Councils	Ongoing	-	
Facilitate WSUD Capacity building to promote WSUD.	See *Engagement and Capacity Building.*	PSO	Ongoing	-	
Facilitate Integrated Water Cycle Management Partnerships.	Discussion on closer joint collaboration with the two regional Water Utilities Alliances, including the continuation of membership of CRC for Water Sensitive Cities.	PSO, LGov Officer	Ongoing	-	
Identify Integrated Water Cycle Management tools and planning.	Support the implementation of the Stormwater2Smartwater WSUD Policy and technical guidelines. Support development of other tools or products for Councils use. See *Engagement and Capacity Building.*	Alliance Councils, PSO, LGov Officer	Ongoing	-	
Flood Plain Management	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Assist in the Development of Flood Plain Management Plans including the incorporation of WSUD.	Narromine Consultants given information for Flood Plain Management Plan Blayney also received input to Flood Plain Management Planning.	Alliance Councils	Ongoing	Council, Grant Ops	TII, TIII, TIV, TV, TVI, AV, AVI, AIX
Seek funding for development of Flood Plain Management Plans.	Support investigations into funding opportunities to develop Flood Plain Management Plans.	PSO	Ongoing	Grant Ops.	
Sediment & Erosion	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Identify opportunity for regional sediment and erosion control program.	Information package for new home owners being developed.	PSO, SC	Ongoing	Grant Ops.	TIII, TIV, TV, TVII, TVIII, AI, AV, AVI, AVIII, AX, AXIII
Seek funding for sediment and erosion control Program.	Investigate funding opportunities for regional approach to improving sediment and erosion control practices by builders, new home owners and Councils. Establish Steering Committee.	PSO, SC	Ongoing	Grant Ops.	

2013-2014 | Linear Reserve Management					
Linear Reserve Management	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Support Regional Roadside Vegetation Implementation Project	Regional Roadside Vegetation project with the 10 Councils underway.	PSO, Project Councils, SC	25 March 2014	$250,000 NSW Enviro Trust.	TIV, TVII, TVIII, AV, AXIII, AXIV, AXV
Undertake project monitoring.	Councils committed to 5 year monitoring program as set out in the Roadside Vegetation Management project monitoring guide.	Project Councils	Autumn & Spring	Councils to commit funds.	
Undertake roadside vegetation management plan development.	Support the ongoing development of Roadside Vegetation Management Plans for Councils that do not have them.	PSO	30 June 2014	Grant Ops.	
Seek funding for development of Roadside Vegetation Management Plans.	Develop regional approach to target funding for the development of Roadside Vegetation Management Plans.	PSO	Ongoing	Grant Ops.	
Identify opportunity for Regional Vegetation Mapping.	Support programs of high level regional vegetation mapping and classification.	PSO, Alliance Councils	Ongoing	Grant Ops.	
Undertake works on linear reserves.	Utilise Local Green Team to manage reserves in the care and control of Council - see Local Green Team update.	Alliance Councils	Ongoing	Grant Ops.	

2013-2014 | Sustainability					
Sustainability Actions	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Distribute Rural Living Handbook.	Current Rural Living Handbook distributed. Potential for update in line with LLS boundaries.	PSO	Ongoing	CWCMA	TV, TVII, AIX, AX, AV
Distribute Resource Efficiency Handbook.	Presentation of Resource Efficiency Toolkit to Local Chambers of Commerce - ongoing.	PSO, LGov Officer	Ongoing	CWCMA	
Development of Sustainability Programs.	*See Engagement and Capacity Building.* Develop Steering committee.	PSO, SC	Ongoing	Grant Ops.	
Identify opportunity for Regional Solar Program.	Investigate opportunities to develop a regional solar program. Similar to the program run by Parkes Shire Council. Programs to reduce Council power consumption. Develop Steering committee.	PSO, SC	Ongoing	Grant Ops.	TV, TVII, TVIII, AIX, AX, AXIV, AXV
Support increases in the liveability of towns and cities.	See other sections.	Alliance Councils, CWCMA	Ongoing	Grant Ops.	
2013-2014 | Community Engagement & Council Staff Capacity Building					
Community Engagement	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Support Catchment Month.	Lack of support in 2013 from Central West CMA due to staff losses.	PSO, Alliance Councils	September 2013	CWCMA, Councils to commit funds	10
Support Water for Liveability Program.	Video, handouts and posters completed. Presented at Local Government Water Utilities Conference. Potential further distribution with regional Water Utilities Alliances.	PSO, Local Government Officer.	Ongoing	CWCMA	TV, TVII, TVIII, AV, AXVI, AX
Complete Birdlife Signage Program.	Birdlife Australia Education Signs design finalised and being printed.	PSO, Alliance Councils	31 January 2014	$5,000 external.	
Undertake Roadside Veg Education	Undertaken – see Capacity Building section.	PSO, Project Councils	25 March 2014	$5,000 Central West CMA	
Seek funding for educational signage.	Potential project being developed with Bathurst Council and Charles Sturt University.	PSO	Ongoing	Grant Ops.	
Encourage Local Green Team Community Engagement.	Utilise the Local Green Team programs as a community engagement activity through volunteer days.	PSO	Ongoing	Alliance funds	
Staff Capacity Building	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Develop Local Green Team.	Local Green Team Program developed and implemented - as above.	Green Team SC.	30 September 2014	Councils to commit funds.	TI, TII, TIV, TVI, TVII, TVIII, AII, AIII, AV, AVI, AXII, AXIV, AXV
Support Local Green Team Leaders.	Little uptake as Environment on the Agenda course held in Orange only. Funding still available.	PSO, OROC	30 September 2014	$4,000 NSW Envir Trust	
Identify sustainability education programs.	Presentation of Resource Efficiency Toolkit to Local Chambers of Commerce - ongoing. Full program to be further developed if still a priority.	PSO, Alliance Councils, CWCMA	31 July 2014	CWCMA, Grant Ops.	
Identify opportunities for Sediment and Erosion Control programs.	Information package for new home owners being developed.	PSO, Alliance Councils	31 July 2014	CWCMA, Grant Ops.	
Support Councillor Engagement.	Support the ongoing engagement of Councillors in natural resource management issues. Undertake education events with key speakers. - *On hold due to LLS organisational changes*	PSO, Chairman, Alliance Councils, LGov Officer.	Ongoing	CWCMA, Alliance funds	TVI, TVII, TVIII, AX, AXIV AXV
Identify training opportunities.	60 staff undertook Part 5 of the EP&A Act Review of Environment Factors. 8 training sessions addressing Roadside Vegetation Management held.	PSO, Alliance Councils	Ongoing	CWCMA, Grant Ops.	
Support Media and Comms.	Short PPT developed on S & WQ Alliance to showcase to Councils which are not currently members. Case Study of Bathurst rainGardens.	PSO	Ongoing	Alliance funds	

2013-2014 | Partnerships & Alliance Operations					
Partnerships & Operations	**Update**	**Responsibility**	**Time Frame**	**Funding**	**Tgt, Action**
Maintain Partnerships with State Government.	Working to maintain good working relationships with Central Tablelands and Central West LLS.	PSO, Chairman, Alliance Councils, LGov Officer.	Ongoing	-	TV, TVII, TVIII, AIX, AXII, AXIV, AXV
CW CMA funded projects.	Blayney and Warrumbungle funded. Lachlan project identified with funding held by Central West LLS.	PSO, LGov Officer	30 June 2014	$10,000 CWCMA	
Engage with Local Land Services.	Both LLS General Managers invited to Local Government Reference Group. Request for Chair of Alliance to present to both Boards.	PSO, Chairman, Alliance Councils, LGov Officer.	1 January 2014 - Ongoing	-	
Engage with Regional Alliances and bodies.	Links maintained with all regional Local Government Alliances and bodies including: Oroc, Centroc, Central West Planners, MDA Region 10, RDA Orana and Central West, Water Utilities Alliances etc.	PSO, Chairman, Alliance Councils, LGov Officer.	Ongoing	-	
Councils to maintain their financial commitments to the Alliance beyond 2014.	All councils committed to current financial commitments as per 2012 Membership Agreements formally extend to 30 June 2014, with in principle agreement for further	All Alliance Member Councils	1 July 2014	Councils to commit funds.	TV, TVIII, AV, AXIV, PXV, PXVI

	2 years to 2016 (as per agreement at meeting of Alliance on 26 June 2013). Terms of Reference and Agreements for 2014 – 16 to be presented at February 2014 meeting.			
Gilgandra Shire Council to maintain management of Alliance finances.	Gilgandra Council continuing to manage the financial operations of the Alliance. All member Council contributions collected for 2013-14 financial year and passed on to Central West LLS which currently administers PSO position.	Gilgandra General Manager (Paul Mann)	Ongoing	In Kind
Central Tablelands and Central West LLS to provide financial support for Alliance PSO.	In principle agreement sought from both LLS to continue support and administration of Alliance PSO position and Local Government generally, beyond end of financial year. Alliance funds held by Central West LLS for PSO position, which is currently vacant, will be quarantined until the PSO role is filled. This role exists as an internal LLS contract position.	Central West CMA – Local Gov. Officer	1 July 2014	CWCMA
Expansion of Alliance Membership.	Lachlan and Cowra Councils have signalled their intention to join Alliance. Discussions with Lithgow, Oberon, Weddin, Forbes re membership and generally engaging with Local Government Reference Group are continuing.	PSO, Chairman, LGov Officer	30 July 2013	-

Bridges - 10 Year Plan

Bridge / Culvert	L	W	Est. Yrs till Close / Weight limit	Replacement (width) / Nature Rehab. Req'd	Alternatives to replacement	Alternatives to replacement	Alternatives to replacement	Comment	Priority (Year)
Carcoar Road (Cowriga Creek)**	31.0	4.5	-2	Replace @ 6m	Wet Crossing	Repair to 20t limit	Keep Road Closed / Seek funding	Road currently closed, Culvert subject to Fisheries	0
Ogilvy Street (Unnamed Creek)	6.0	4.4	0	Replace @ 5M	Culvert at contemporary standard	Culvert (Driveway standard, reduced flow		COMPLETE	0
Forest Reefs Road (Cowriga Creek)**	6.8	5.8		Replacement to Contemporary standard				CADIA Funded	1
Gallymont Road (Felltimber Creek)*	12.0	6.0	0	Replace @ 4m	Replace failed members. LOAD LIMITED 13t	Immediate repairs for 10t load limit	Heavy Vehicle Wet Crossing	Maintain bridge @ 10t weight limit & provide heavy vehicle wet crossing	1,2
Felltimber Road (Coombing Creek)*	19.0	4.7	0	Full restoration	Replace failed members, repair Northern abutment. LOAD LIMIT 12 t	Immediate repairs for 10t load limit	Maintain at 5t limit & reasses		1,3
Gallymont Road (Gallymont Creek)**	6.7	7.4	5	Replacement	Culvert - Mostly Dry	Repair Scour			1
Mt Macquarie Road	6.2	4.8	1	Structural Concrete Deck				COMPLETED - 5/12/13	1
Old Lachlan Road*	6.0	5.0	-2	Replacement @ 5m	Culvert - Mostly Dry	Low level Crossing - Twin 900 mostly dry	Dismantle Road / Keep Road Closed	Wet crossing (approaches & rock base) - Report Cost to Cncl prior to works	2
Yangoora Road (Grubbenbun Creek)**	7.0	4.0	1	Replace @ 4m	Culvert - Mostly Dry			RMS c $60K funding / Culvert subject to Fisheries	2
Carcoar Dam Road*	7.0	4.0	3	Replace @ 6m	Culvert - Mostly Dry			Culvert subject to Fisheries	2
Glenarvon Road (Macquarie Swamp)*	7.0	4.0	2	Replacement @6m	Culvert - Twin 900 Pipe	CLOSE - Beyond 2nd last dwelling access			2
Snake Creek Road (Mandurama Ponds)**	8.0	3.7	-2	Replace @ 6m	Wet Crossing	Dismantle Road / Keep Road Closed		Road currently closed	2
Snake Creek Road (Gallymont end)			-2	Replace Pipe, 3m fill, Erosion Protection	Lower Rd, pipe replace, Drop structure	Keep Road Closed		Road currently closed	4
Browns Creek Road			2	Replace on new alignment @ 8m	Rehabilitate				4
Errowanbang Rd, Unnamed	5.0	11.0	7	Replace	Concrete Line				5
Wombiana Lane	6.0	4.9	5	Headwall Restoration, Eng. Assesment	Assess, weight limit			To be confirmed	6
Errowanbang Road (Dirt Hole Creek)*	18.0	4.7	5	Replace on new alignment				CADIA Funded, includes realigning approaches	7
Leabeater Street (Grubbenbun Creek)**	8.8	4.0	8	Replacement @6m	Culvert	Pedestrian only / CLOSE traffic			8
Four Mile Creek Road (Swallow Creek)*	12.0	7.4	7	Replacement @ 8m	Minor Maintenance - Capping, Wing Wall etc			CADIA Funded	9
Coombing Street (Belubula River)*	7.8	4.8	7	Replacement @ 6m	Rehabilitate	CLOSE till funded		Duplicate Route	9

Blayney Shire Council

POLICY TITLE	**Roads Policy**	No.
POLICY GOAL		To recognise the importance of the road network in providing for the safe and efficient movement of people and goods within the Blayney Shire.
POLICY GROUP		Infrastructure Services
DATE ADOPTED		
PLANNED REVIEW DATE		4 years or with Delivery Plans

Objective

Actively develop, name and manage, local and regional road assets owned and managed by Blayney Shire Council for the safety and benefit of the public.

Definitions

Road	Refers to any road under the control of Council for which Council is the road authority, including public roads or road that is dedicated to Council by way of a subdivision of land. The term excludes Crown public roads, private roads and roads under the control of any NSW Government Authority.
Public Road	Refers to a road that is opened or dedicated, which the public are entitled to use either on foot, in a vehicle or otherwise and declared to be a public road for the purposes of the Roads Act 1993.

Policy

Blayney Shire Council will address the matter of 'Roads' in a systematic manner by:

- Applying relevant and appropriate construction standards and guidelines for road construction and development within the Shire.
- Adhering to the requirements of the Roads Act 1993 in reference to how Council becomes responsible for the management and maintenance of roads.
- Inspecting, monitoring and reviewing roads for which Council is responsible.
- Maintaining and upgrading roads and parts of roads within the Shire for which it is responsible, according to Blayney Shire Councils implemented budget, procedures and Asset Management Plan (AMP).
- Advocating for and facilitating the maintenance and improvement of roads and related infrastructure that are the responsibility of NSW Government agencies.
- Protecting and maintaining roadside vegetation in accordance with Blayney Shire Councils Roadside Vegetation Management Plan.
- Delegating authority to Blayney Shire Councils General Manager, Director Infrastructure Services to approve the use of suitable road names, according

to the implemented procedure and criteria for naming and renaming of roads, pursuant to the provisions of Section 162 Roads Act 1993.
- Ensuring all new public roads or extensions to existing public roads (excluding those under the control of a NSW State government Authority), shall be constructed in accordance with the WBC Alliance, Guidelines for Engineering Works, and relevant standards.
- Providing for the grazing of livestock on rural roads in accordance with the Local Land Services Act 2013 and Roads Act 1993

ROAD CLASSIFICATION – RENEWAL STANDARDS & MAINTENANCE PROCEDURE

COVERAGE:

Council will only provide a maintained road network within the limit of funds available as determined in the Road Asset Management Plan and in accordance with the maintenance levels defined in within the Road Hierarchy, as amended from time to time.

Renewal standards are determined by Asset Management Planning systems and processes and the position of the road within the adopted Road Hierarchy. The target standards are based on a desirable level of rehabilitation (renewal) works, which are not currently funded within the 2013 Long Term Financial Plan.

Target Renewal standards are defined below:

Class	Description	Renewal Standard	Reseal (Gravelling) Target (years)*	Pavement Rehab. Target (years)
1 (E)	Main Arterial	9.0m (3.5m lanes)	13 / (7)	40
2 (F)	Shire Arterial	8.0m (3.5m lanes)	13 / (NA)	40
3 (G)	Main Collector	7.5m (3.25m lanes)	15 / (10)	None programmed / External funding only
4 (H)	Collector	7.0m (3.0m lanes)	20 / (12)	Only Cadia funded / External funding only
5 (I)**	Access	6.0m (3.0m lanes)	25 / (15)	None programmed / External funding only
6 (J)**	Road Reserve / No dwelling access / Duplicate route	NA	NA	None

* These targets are based on management system modelling and may vary based on condition.
** See Notes below for full definition of Class 5 and Class 6 roads.

Maintenance standards for Sealed Roads:

Class	Inspection Program	Maintenance Intervention Level	Response Priority***
1 (E)	3 monthly Cust. Request	Surface defect (Pothole) Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	H VH M VH M
2 (F)	6 monthly	Surface defect (Pothole)	H

	Cust. Request	Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	VH L VH M
3 (G)	6 monthly Cust. Request	Surface defect (Pothole) Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	M H M H M
4 (H)	12 monthly Cust. Request	Surface defect (Pothole) Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	M M L H L
5 (I)	12 monthly Cust. Request	Surface defect (Pothole) Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	L M L L L
6 (J)	Cust. Request only	Surface defect (Pothole) Edge drop (>150mm depth) Delineation (Guide Posts, Linemarking) Pavement Failure (Shoves >100mm) Visibility encroachment (Vegetation)	Council will not maintain these roads

*** Response priority is based in the Risk Matrix below

Maintenance standards for Unsealed Roads:

Class	**Inspection Program**	**Maintenance Intervention Level**	**Response Priority*** **
1 (E)	3 monthly Cust. Request	Surface defect (Roughness) Edge drop (>150mm depth) Delineation (Guide Posts, Signs) Pavement Failure (Rutting, Bogs) Visibility encroachment (Vegetation) Scours (Washout in travelled area)	M VH L VH L H
2 (F)	6 monthly Cust. Request	N.A	NA
3 (G)	6 monthly Cust. Request	Surface defect (Roughness) Edge drop (>150mm depth) Delineation (Guide Posts, Signs) Pavement Failure (Rutting, Bogs) Visibility encroachment (Vegetation) Scours (Washout in travelled area)	M H L H L M
4 (H)	12 monthly Cust. Request	Surface defect (Roughness) Edge drop (>150mm depth) Delineation (Guide Posts, Signs) Pavement Failure (Rutting, Bogs) Visibility encroachment (Vegetation)	L H L M L

		Scours (Washout in travelled area)	M
5 (I)	12 monthly Cust. Request	When access not possible	H
6 (J)	Cust. Request only	Not maintained	Council will not maintain these roads

*** Response priority is based in the Risk Matrix below

Response Priority Matrix:

Defect Severity	Low AADT 50 km/h	Traffic Volume and Speed		High AADT 100 km/h
High	M	H	VH	VH
	M	M	H	VH
	L	M	M	H
Low	L	L	M	M

Notes:
A Class 5 road is defined as:

- Minor formed roads providing:
  - Minimal dwelling accesses;
  - Secondary access to dwellings or properties; and
  - Duplicate route or 'shortcut' between higher class roads.

Road formation:

- Variable width, from wheel track to 2-way.
- Mostly unsealed, sealed segments may reflect a previous function e.g. mine access.

Maintenance:

- Maintenance of existing roads will not be undertaken past the last dwelling on a road.
- Class 5 roads will be maintained on a needs basis, maintenance intervention will only be undertaken where access is deemed to be compromised.

A Class 6 road is defined as:
Status

- Road Reserve with no formed road – Not included in Financial Assistance Grant calculations / Councils road asset register.

- Road Reserve with vehicular tracks evident– Not included in Financial Assistance Grant calculations / Councils road asset register.
- Road Reserve with previously formed road structure evident – Not included in Financial Assistance Grant calculations / Councils road asset register.

Road formation:

- Non-existent or not to Council standard
- Variable width, from wheel track to 2-way
- Mostly unsealed, sealed segments may reflect a previous function e.g. mine access.

Maintenance:

- Public Road Reserves:
    - Council will not maintain these roads
    - Council will not construct (at its expense) any road formation or pavement on these roads
    - Council will only consider acceptance of roads constructed on Road Reserves into the Council Road Asset Register on (as gifted assets) on an individual basis if:
    - Constructed to council standards;
    - With due consideration to the ongoing financial burden that Council would incur; and
    - That a Class 6 maintenance regime is maintained.
- Road extensions beyond a property boundary will not be considered. Council considers that its first priority is to provide access to individual properties; access for the improved management of a property is the responsibility of the landowner.
- Council will consider 'closing' and selling or leasing roads to property owners who wish to maintain a road segment at a higher standard than Council is able to maintain within its budgetary constraints.
