

Current Road Closures

See below for details on road closures in Blayney Shire.

Remember to always drive to the conditions and obey road signage. If you see a road closed sign, there is always a reason for it, such as flooding, road works or a safety hazard (that you may not even be able to see), such as a culvert failure. People who disobey signage are not only putting themselves at risk and the safety of their passengers but also police and emergency services officers. If you have an accident on a closed road you will void your car insurance. Please obey all signage and use an alternate route.

In the event of an emergency contact Triple Zero 000 or contact NSW SES on 132500.

Current Road Closures

- Lower Farm Street, Blayney - Permanently closed to the public from 1 August from Charles Street to Stillingfleet Street
