

Plans, Strategies and Reporting

The Planning Process

To understand our Community's aspirations for the future and to plan Council's operations, asset maintenance and renewal programs and financing options to achieve these goals, Council has proactively engaged with the Blayney Shire Community to develop a Long Term Strategic Plan spanning a 10 year time-frame.

The approach adopted has been in accordance with the Integrated Planning and Reporting (IP&R) requirements of the Local Government Amendment (Planning and Reporting) Act 2009 and the Local Government General Amendment (Planning and Reporting Regulation) 2010.

Community Strategic Plan (CSP)

The Blayney Shire Community Strategic Plan 2022-2032 (CSP) is a community document with priorities and aspirations for the future of the Shire covering a period of at least 10 years. The CSP is developed by the community, endorsed by Council and must address civic leadership, social environmental and economic issues. The CSP forms an important reference point for State agencies preparing their plans and programs for our region.
