| <b>Policy</b>              | 25F                              |
| <b>Officer Responsible</b> | Director Infrastructure Services |
| <b>Last Review Date</b>    | 20/04/2020                       |

**Strategic Policy**

## **OBJECTIVES**

To provide a consistent procedure to local road and bridge naming within the Blayney Shire Council Local Government Area (LGA).

To ensure that road, street and bridge names comply with relevant legislative, government department and locality requirements.

To increase the use of names within the Blayney LGA which have relevant historical or botanical themes.

To provide clear information on Council's requirements for the naming of roads and streets.

## **GENERAL**

The naming of roads in New South Wales is standardised to ensure that the process is transparent and easy-to-understand for regulatory bodies and members of the community. A consistent approach benefits emergency services, transport and goods delivery and provides opportunities for community consultation when naming roads.

This policy has been prepared to assist Council staff with the naming of proposed roads and the renaming of existing roads.

The approval for road names is regulated by Clause 162 of the Roads Act 1993.

### ***162 Naming of public roads***

- (1) A roads authority may name and number all public roads for which it is the roads authority.*
- (2) The RMS may name and number all classified roads.*
- (3) Neither a roads authority nor the RMS may name a public road, or alter the name of a public road, unless it has given the Geographical Names Board at least one month's notice of the proposed name.*

Therefore, all requests for road names must be directed to the local road authority.

It is the road authority's responsibility to assess all proposed road names and renaming of existing roads.

## **SCOPE**

Council as the local road authority must approve the naming of any road under its control, including public roads or a road that is to be dedicated to Council by way of a subdivision of land, but excludes Crown public roads, private roads and roads under the control of any State Government Authority.

## **GUIDELINES**

The process for naming or renaming a road is undertaken by Council in accordance with the *NSW Addressing User Manual*.

Council's preference is to use names of Ex-Service personnel, Previous Mayors of the Council and Indigenous Leaders. Council has a list of pre-approved names (below) that can be considered for use by any proponent, or alternatively a written proposal together with a plan indicating the location of the road to be named, shall be submitted to Council. The proposal shall also include the contact name and address details of the proposer.

When a name is used for a bridge, the rank and initials of an Ex-Serviceman may also be used, however this is not supported by the NSW Naming Guidelines for roads.

If an alternate name is being suggested information supporting the suggestion must be included, and the name must comply with the criteria defined in the *NSW Addressing User Manual*.

All suggested road names must be submitted to the Geographical Names Board for approval.

Where the need for a name is not caused by a subdivision, the proposed name shall be the subject of a Council report with a recommendation for Council adoption.

The renaming of an existing road will require a Council resolution for the decision to rename and the determination of the new name must include community consultation with the residents affected.

The proposed road name shall be placed on public exhibition for 28 days, with public submissions invited via the local press

Upon completion of the 28 day public exhibition period, and where no objections have been received, a report shall be provided for Council adoption of the road name.

Once adopted by Council, the road name shall be re-advertised as approved in the Government Gazette and the local press.

## **IMPLEMENTATION**

Council shall arrange the manufacture and installation of street signs other than those in new subdivision areas, and private roads.

The subdivision developer is required to supply the road sign and maintain the street sign until Council accepts maintenance of the road as a public road.

Proposed road names in new subdivisions must be approved by Council as part of the subdivision approval process.
