

SHIRE COUNCIL
Blayney

Mobile Device Usage Policy

Policy	7S
Officer Responsible	Manager Information Technology
Last Review Date	16/04/2018

Strategic Policy

Objective

Provide parameters for the use of corporate Mobile Devices used for access to Blayney Shire Council's corporate systems such as email/calendars, internet browsing and mobile applications used for Council related business.

Purpose

To provide Councillors and staff, referred hereon as "Users", with guidelines regarding the appropriate use of their Council supplied mobile device.

To provide users with mobile devices for use and to assist them in the performance of their duties.

To ensure that users are accessible, facilitate timeliness of responses to Council's customers and to enhance communications.

To facilitate the effective management and administration of costs of business calls relating to the Council's mobile device resources.

To encourage the standard for acceptable use of mobile device resources in the conduct of its business to safeguard users, protect Council assets and ensure compliance with appropriate legislation.

Definition

A "Mobile Device" for the purposes of this policy will be any device that is reliant on a carrier Mobile Network for the purpose of transmission of voice and/or data traffic. Mobile Devices include but shall not be limited to: Mobile Phones, Smart Phones, Laptops and Tablet devices.

Eligibility

A user will be eligible to have a mobile device if it is deemed necessary to their position, for example, if the employee's duties require them to spend time out of the office and/or to be contactable outside the normal hours of work. All mobile devices are provided at the discretion of the department director or General Manager or in the case of Councillors, the Payment of Expenses and Provision of Facilities policy. Any current employee who requires a replacement mobile device will need to fill in the Mobile Device Application Form on Council's Intranet and then forwarded to their manager and director for approval.

Use

While mobile devices are approved on the basis of business benefits and usage, reasonable personal use of devices is acceptable but users must adhere to the following usage terms:

- The conditions of the Email and Internet Policy must be adhered to.
- The conditions of the Blayney Shire Council's Code of Conduct policy must be adhered to.

- The private usage of devices during business hours must not interfere with the employee's work performance or detract from the employee doing their normal duties.
- Monthly usage details will be accessible to the Information Technology (IT) and Finance sections for cost management: IT are entitled to query excessive usage costs for mobile devices.
- Loss or theft of the mobile device must be immediately reported to IT. A loan device (if available) will be issued until a permanent replacement is organized.
- Information stored on the mobile device is not backed up by Council systems, it is the responsibility of the user to backup personal data and to ensure that Council information is stored on council approved systems for security and backup. Council takes no responsibility for the loss of personal data.
- All mobile devices come with a Telstra 1GB data plan which has been deemed more than sufficient for Council use. If the usage is being exceeded for legitimate business use than an increase in data allowance will be considered.

Private Use

From time to time personal use of a device may be made, while on Council business, however private usage should be kept to a minimum. If it is found that a user is using his/her mobile device for personal use resulting in charges to Council, they must reimburse council for any charges for personal use made.

The approved user is required to make the necessary payments to Council for private or personal use e.g. phone charges or downloads, within 14 days of receiving a copy of the account for their mobile device, or when the accumulated value of their private or personal mobile device charges exceed \$20.00 (whichever occurs later).

Council receives fully itemised records for all mobile devices. Council recognises the users' general rights of privacy, but Council reserves the right to monitor use of mobile devices where it is reasonably justified and/or there are legitimate reasons for doing so. Where Council has concerns, this matter will be referred to the relevant Director or General Manager.

Mobile Devices fitted with location tracking software and remote wipe/remote lock capability will be enabled. The disabling of such features by users may result in disciplinary action.

Hands Free Operation

The use of mobile devices, 'without hands free', whilst driving is unlawful and the incursion of any penalties and fines will be solely at the user's cost.

Responsibility of Users

Users accept full responsibility for using their Council mobile device in an honest, ethical, safe and legal manner and with regard to the rights and sensitivities of other people. Use must be in accordance with Council policies and all relevant federal and state legislation.

Staff are required to:

- Take good care of the mobile device
- Take all reasonable precautions to ensure that the device is not damaged, lost or stolen. Keep mobile devices clean, and in a serviceable condition to the best of their ability, and
- Report all irregularities in the operation of the mobile device immediately to the department director or general manager.

There are some standard procedures that the user should implement as part of their day-to-day operational use of the mobile device:

- Activate the keypad lock to avoid accidental use of the device
- Mobile devices must not be left in open view in unlocked or unattended vehicles.
- Damaged devices should be returned to the IT Department who will arrange for any repairs to be carried out.

Lost or Stolen Devices

- Must be reported to the General Manager or appropriate Director immediately and an outgoing service bar requested.
- Must be reported to the IT Department immediately after discovering the loss of the mobile device (business hours) or first thing the next business day if discovered after hours
- Will be remotely locked and wiped clean of all data if the device can be tracked.

Subject to the circumstances in which the mobile device was lost or damaged, Council will be responsible for replacing the device unless carelessness on the part of the user can be shown as the cause of the loss or damage. In circumstances where it has been shown that the user's carelessness contributed to the loss or damage of the device then the user may be required to contribute to the replacement cost.

Installation of Applications on Mobile Devices

Council currently has accounts for mobile applications devices. IT currently holds the passwords for these accounts. If the user of mobile device requires an application to be installed on the device it must be undertaken by IT and be for business purposes. Justification must also be provided in an email to the IT Manager why the application is required. If the application will incur a cost, then this will be discussed with the user's director.

Council staff are permitted to login to the Mobile devices with personal app accounts but Council will not be responsible for any charges incurred or if the device becomes faulty and needs to be reset or replaced.

Councillors have personal iTunes accounts linked to their iPad and are responsible for the upkeep of those accounts. Council does not keep a record personal iTunes login details. Councillors will be provided with 1GB Data plan for their iPad devices and \$100 iTunes credit for the duration of the council term.

Termination of Employment / Conclusion of Term

On termination of employment or conclusion of term of Council (resignation or where not re-elected), the user must return the mobile device to IT including associated any battery chargers or other accessories supplied by the Council for use with the mobile device.

The mobile device is to be issued to an employee where it is deemed necessary to their job position. When an employee subsequently changes job position within Council, authorisation by the relevant director must occur for the mobile device to remain with the employee. Approval will only be given in this circumstance where the use of the mobile device is deemed a necessary requirement of the employees new job position. If approval is not given the mobile device is to be returned to IT.
