Subject: RE: Active Movement Strategy - Montgomery Street MILLTHORPE

Hi Steve,

Good pick up, there should be a line denoting proposed project removal of a new path on the eastern side of Montgomery Street.

You are welcome to raise it missing in the Council meeting. Regardless, I will amend the map with a blue line as shown below for public exhibition.

Kind regards,

Jacob Hogan

Subject: Active Movement Strategy - Montgomery Street MILLTHORPE

Jacob/Mark,

Checking the proposed items for tomorrow's night meeting, I am unsure of status of a proposed pathway which was shown on the existing strategy maps as Ad13 on the eastern side of Montgomery Street.

On the proposed map that was provided at the last strategy meeting it was not marked. This is the same situation shown on page 90 of Attachment 1 of the Business Paper.

Was this mentioned at the strategy meeting and therefore it should be noted as proposed or removed on the map at page 90 ?

Thanks

Steve

Cr Stephen Johnston
