## HOW COUNCIL FUNCTIONS AFFECT MEMBERS OF THE PUBLIC

As a service organisation, the majority of the activities of Blayney Shire Council have an impact on the public. The following is an outline of how the broad functions of Council affect the public.

*Service functions* affect the public as Council provides services and facilities to the public. These include provision of human services such as libraries, halls and community centres, recreation facilities, infrastructure and the removal of garbage.

*Regulatory functions* place restrictions on developments and buildings to ensure that they meet certain requirements affecting the amenity of the community and not endanger the lives and safety of any person. Members of the public must be aware of, and comply with, such regulations.

*Ancillary functions* affect only some members of the public. These functions include, for example, the resumption of land or the power for Council to enter onto a person's land. In these circumstances, only the owner of the property would be affected.

*Revenue functions* affect the public directly in that revenue from rates and other charges paid by the public is used to fund services and facilities provided to the community.

*Administrative functions* do not necessarily affect the public directly but have an indirect impact on the community through the efficiency and effectiveness of the service provided.

*Enforcement functions* only affect those members of the public who are in breach of certain legislation. This includes matters such as the non-payment of rates and charges and unregistered dogs.

*Community planning and development functions* affect areas such as cultural development, social planning and involves:

- Advocating and planning for the needs of our community. This includes initiating partnerships; participating on regional, State or Commonwealth working parties; and preparation and implementation of the Community Plan.
- Providing support to community and sporting organisations through provision of grants, training and information.
- Facilitating opportunities for people to participate in the life of the community through the conduct of a range of community events such as Australia Day Awards and Youth Week, as well as promoting events of others.

## HOW MEMBERS OF THE PUBLIC CAN PARTICIPATE IN COUNCIL'S POLICY DEVELOPMENT AND THE EXERCISE OF FUNCTIONS

Blayney Shire Council supports the principles of open government and encourages community involvement in policy development and general activities of Council. There are a number of avenues available to members of the public to enable participation in policy development and the general activities of Council. These avenues can be broken down into two categories, namely:

- by making representations to Councillors;
- through personal participation in Council events.

### 1. REPRESENTATION

#### Local Democracy

Councils in New South Wales are elected every four years. The next election for the election of councillors in Blayney Shire is scheduled for September 2028.

At each election for Blayney Shire Council, voters elect seven Councillors for a four-year term. The Mayor is elected for a 2 year term by the Councillors from among their numbers. All residents of the area who are on the electoral roll are eligible to vote. Property owners who live outside of the area and rate paying lessees can also vote but must register their intention to vote on the non-residential roll. Voting is compulsory.

#### Making Representations to Councillors

Residents are able to raise issues with, and make representations to, the elected Councillors. The Councillors, if they agree with the issue or representation, may pursue the matter on the resident's behalf thus allowing members of the public to influence the development of policy.

#### Appointments with Mayor

After speaking to Councillors and/or appropriate staff, members of the public may make an appointment with the Mayor to discuss issues that require further attention.

## **WAYS TO ACCESS TO INFORMATION HELD BY COUNCIL**

Blayney Shire Council is dedicated to good public decision making, transparency and accountability, and will provide access to information in accordance with the provisions of the GIPA Act.

Council has adopted a policy on access to information (Policy 2G: Access to Information), to facilitate public access to the information held by Council. This policy is publicly available from Council's policy register on Council's website using the following link:  
<https://www.blayney.nsw.gov.au/council/council-information/council-policies>

In accordance with the GIPA Act, Council will make information available to the public in the following ways, unless there is an overriding public interest against disclosure of information:

### **OPEN ACCESS INFORMATION**

Through the mandatory disclosure of open access information (see above, Information Held by Council) – where practicable, this information will be made available free of charge on Council's website. Where it is not practicable for Council to provide open access information on the website, the information will be made available free of charge in at least one other format.

To access information that is not currently available on Council's website, please contact Council's Right to Information Officer on (02) 6368 2104.

### **PROACTIVE RELEASE OF INFORMATION**

Through the proactive release of as much information as possible – this information will be made available free of charge, or at the lowest reasonable cost.

**INFORMAL ACCESS REQUESTS**

In response to an informal request (without the need for a formal application, unless there are good reasons to require one) – this information will be made available free of charge, subject to any reasonable conditions that may be imposed by Council. Where information sought requires significant allocation of staff resource fees will be payable. Council may require a written record of an informal request to access information.

**FORMAL ACCESS APPLICATIONS**

In response to a formal access application (for information that Council does not provide proactively or informally) – application fees and processing charges apply as per the GIPA Act.

The GIPA Act sets out the procedure for making and dealing with formal access applications. An application for information that is not already available by other means must be made on the [Formal Access Application](https://www.blayney.nsw.gov.au/council/council-information/access-to-council-information) form, which is available at the Council office or on Council's website using the following link: <https://www.blayney.nsw.gov.au/council/council-information/access-to-council-information>

A formal application is not a valid application unless it is accompanied by an application fee of \$30. The application fee counts as payment of the first hour of any processing charge that may be payable by the applicant. Processing charges for dealing with formal access applications are charged at a rate of \$30 per hour for each hour of processing time.

Enquiries regarding formal access applications should be made to Council's Right to Information Officer on (02) 6368 2104.

**ADDITIONAL INFORMATION****INTERACTION WITH COPYRIGHT LEGISLATION**

Some information may be subject to copyright laws and the consent of the copyright owner will be required before releasing copies of such information. Alternatively, Council may grant 'view only' access to such material.

The Commonwealth Copyright Act takes precedence over State legislation. Therefore, the right to copy documents under the GIPA Act does not override the Copyright Act. Nothing in the GIPA Act or Regulations permits Council to make government information available in any way that would constitute an infringement of copyright.

Access to copyrighted documents will be granted by way of inspection only unless the copyright owner's written consent is provided. Where authority is unable to be obtained or the copyright owner is not able to be contacted, copies of copyright material will not be provided.

Copyright material includes, but is not limited to, plans/drawings, consultant reports and survey reports. Council's staff will advise if the information sought is subject to copyright.

**INTERACTION WITH PRIVACY LEGISLATION**

Access to certain information may be limited in accordance with the Privacy and Personal Information Protection Act (PPIP Act) and the Health Records and Information Privacy Act (HRIP Act). The PPIP Act and HRIP Act provide for the protection of personal and health information and for the protection of the privacy of individuals generally.

In accordance with the PPIP Act and the HRIP Act, Council has adopted a Privacy Management Plan (available on Council's website) which outlines Council's practice for dealing with privacy and personal information in accordance with Information Protection Principles contained within the PPIP Act and the Health Protection Principles contained within the HRIP Act.

## PUBLIC INTEREST TEST

Under the GIPA Act, when deciding whether or not to release information, government agencies must consider whether there is an overriding public interest against releasing the information.

Referred to as the "public interest test", this requires government agencies to consider balancing factors for and against disclosure of each piece of government information.

That balancing must be undertaken within the context of the GIPA Act.

In deciding what information to release, Council will apply the public interest test which will involve:

- identification of the relevant public interest considerations for disclosure;
- identification of any relevant public interests against disclosure

The GIPA Act (section 14) provides an exhaustive list of public interest considerations against disclosure. These are the only considerations against disclosure that decision makers can consider in applying the public interest test:

- Responsible and effective government
- Law enforcement and security
- Individual rights, judicial processes and natural justice
- Business interests of agencies and other persons
- Environment, culture, economy and general matters
- Secrecy provisions specifically provided in legislation
- Exempt documents under interstate Freedom of Information legislation.

## DISCLOSURE LOG

Council's [Disclosure Log](#) lists information released under a formal access application under the GIPA Act that is considered to be of interest to the wider public.

It should be noted that applicants can object to inclusion in Council's Disclosure Log.

## OPEN DATA

Promotion of Open Data generally refers to information stored digitally by an organisation that should be made freely available such that anyone who accesses the data is free to use it, rearrange it and publish it as they wish without copyright restrictions applying.

This concept operates in conjunction with the objectives of the GIPA Act.

Members of the public are encouraged to contact Council with suggestions for information which can be considered for authorised proactive release.

A similar position is taken in the context of Open Data, as Council likewise encourages members of the public to make suggestions with respect to the kinds of data that Council may consider making available to the public.

There are many government-based open data initiatives in Australia:

- The Federal Government open data portal can be found [here](#).
- The NSW Government open data portal can be found [here](#)
