

Event Detail

Rates Instalment Due

Each year, Council is required to adopt a Revenue Policy that sets out its Income and Expenditure for the coming Financial Year. As part of its Revenue Policy, Council sets its fees and charges for the various services it provides. The Blayney Shire Rates Calculator can be downloaded and used to estimate rates & charges as set-out in the annual Operational Plan. The downloadable Excel Spreadsheet can be used to estimate individual rates and charges based upon your Property Valuation, Rating Category, Services provided (waste and sewerage) and whether or not a Pensioner Rebate is applicable.
