

Footpath Trading

Council is responsible for managing the footpaths. To ensure pedestrian access and safety is maintained, an approval is required to place outdoor seating within a boundary, or to display goods on the footpath.

Council's [Development Control Plan 2018](#) sets out standard controls to safeguard a fair and equitable sharing of the footpath for trading purposes and of course for maintaining safe pedestrian access.

Consent under Section 125 of the [NSW Roads Act 1993](#) (Roads Act) is required before using a footway for restaurant purpose, commonly known as footpath trading.

All applications must be accompanied by a Certificate of Currency (Public Liability Insurance). The applicant's name must match the name of the insured.

The Certificate of Currency must include:

- Name of the insured;
- Amount insured (minimum \$20 million);
- Council listed as an interested party.
